OCTOBER'S CAMPAIGN.

END OF THE WORK TO-DAY,

DEPORTANT PUBLIC AGREEMENT OF PARTIES IN IN-DIANA-A QUIET ELECTION ASSURED-REPUBLI-CAN GAINS OF CONGRESSMEN CERTAIN.

The chiefs of the two great parties in Indiana met at Indianapolis yesterday, Gov. Hendricks among the number, and united in common measures to secure a peaceful and fair election to-day. They issued an address demanding that repeaters and imported roughs shall not interfere at the polls, and agreeing to arm a body of citizens to be held subject to the orders of Gov. Hendricks and the Mayor and Sheriff at Indianapolis, to enforce order in that city. What the convictions of the leading editors and men of action of the two great parties are as to the situation in Ohio and Indiana, and the prospects for to-day, may be gathered from dispatches given below.

VIEWS OF PROMINENT LEADERS.

SENATOR SHERMAN HOPEFUL. ACTIVITY AND ENTHUSIASM OF THE CANVASS.

[BY TELEGRAPH TO THE TRIBUNE.] Mansfield, Ohio, Oct. 9 .- The canvass in Indiana has been the most remarkable for activity and large meetings that I have ever known. In Ohio it was more languid early in the canvass, but for the last 10 days it has been remarkably active. I have an abiding conviction that the Republican ticket in both States will be successful. John Sherman.

DOUBTFUL OHIO DISTRICTS. JUDGE MATTHEWS BELIEVES THE REPUBLICANS WILL

WIN TWO OF THEM. [BY TELEGRAPH TO THE TRIBUNE.]

GLENDALE, Ohio, Oct. 9 .- The Republicans of Ohio close the campaign to-night in the best of spirits, confident of carrying the State handsomely. In this county we expect to elect the county ticket, We expect to elect a Congressman in the IId District certainly, and are hopeful of electing Mr. Force in STANLEY MATTHEWS.

CONFIDENT OF INDIANA. DISPATCH FROM THE POSTMASTER OF INDIANAPOLIS. [BY TELEGRAPH TO THE TRIBUNE.]

Indianapolis, Oct. 9.—The campaign just closed has been the most extraordinary in the history of The Republicans never were better organized and never were more confident. I believe that Benjamin Harrison will be elected by not less than 3,000 votes. I would not be surprised if he should receive twice that. He is at least 1,500 votes stronger than the State ticket. Many careful politicians believe that the successful candidate will receive not less than 1,000 majority. We will certainly gain five members of Congress W. R. HOLLOWAY.

GREAT GAIN OF CONGRESSMEN. MURAT HALSTEAD SAYS THE REPUBLICANS WILL

GET SIX. IBT TELEGRAPH TO THE TRIBUNE.

CINCINNATI, Oct. 9.—This city is strangely quiet to-night. Both parties are full of business. The Democratic headquarters are closed and dark. Several Baltimore experts at ballot-box stuffing were spotted here to-day. They are believed to be reformers. Reports from Indiana indicate Harrison's election by a small majority and a Republican gain of three or four Congressmen. We think Barnes, Republican candidate for Secretary of State in Ohio, will run behind his ticket but be elected by about the majority Gov. Hayes got last year, while the Republican majorities on the other State offices and on Congressmen will be over 10,000, and perhaps 15,000. A gain of six Republican Congressmen is expected, two from this county. The Democrats hope to save Mr. Sayler from the ruins, and may do M. HALSTEAD. it, but I think not,

[BY TELEGRAPH TO THE TRIBUNE.] COLUMBUS, Ohio, Oct. 9.-The Republican party has never before been so thoroughly organized as this year. Gen. Wikoff says nothing can beat us except fraud. The attack has been mainly directed at Mr. Barnes, and it has been so malignant and personal that it has reacted in his favor. hope for something near Gov. Hayes's majority last year for Mr. Barnes, and a larger majority for the rest of the ticket. The State is awarming with tramps, so that farmers have been afraid to be out at night for two weeks past. Some of the best known manipulators and repeaters from New-York and Baltimore are in the cities. The State Committee have received notice of their appearance, and Baltimore detectives have been employed to shadow them. The State is so organized that we hope to prevent fraud. A clear vote will give us from 10,000 to 15,000 majority. There has been no such enthusiasm in the Republican party since the Vallandigham campaign. The worst methods of old Tammany have been im ported by the opposition, and there is an unbounded will to rebuke both the outside meddling and the attempt to muddy our polities. The local canvass in this city has just ended with the finest demonstration ever witnessed here. Hundreds of the most prominent bankers, imanufacturers, and professional and other business men marched in the procession. Besides this, Gen. Stewart L. Woodford and other speakers addressed an immense meeting at the Opera House. We shall surely gain on Congressmen.

We figure 13 Republicans certain. JAMES M. COMLY.

A GOOD MAJORITY IN OHIO. THE EDITOR OF THE CINCINNATI GAZETTE CLAIMS A GAIN OF SIX REPUBLICAN CONGRESSMEN.

BY TELEGRAPH TO THE TEIBUNE.] CINCINNATI, Ohio, Oct. 9.—The contest has been fought with great vigor in Ohio and Indiana, and more so in the latter than the former. The best opinion to-night is that Ohio will go Republican by a good majority. Special effort has been made to injure Col. Barnes, the Republican candidate for Secretary of State, by charges that he was a crusader. This may affect his vote; but Republicans expect a decisive majority on the general ticket and a gain of six Congressmen. A great many strangers are here, and frauds are feared, but every possible arrangement has been made to prevent illegal voting. Indiana will be close, and Republicans are vibrating between hope and fear. Frauds there are greatly feared. The Democrats have plenty of money and are desperate. There is danger of bloodshed. The excitement in both Ohio and Indiana is intense, and the interest is equal to that of the Vallandigham campaign in Ohio. RICHARD SMITH.

THE PROSPECT IN NORTHERN OHIO. THE EDITOR OF THE CLEVELAND HERALD PREDICTS

REPUBLICAN SUCCESS. [BY TELEGRAPH TO THE TRIBUNE.]

CLEVELAND, O., Oct. 9 .- The campaign closes to night with every prospect of a Republican victory in this State. The Democrats are discouraged and desperate, but are fighting with tenacity. The Republican majorities in this district will be cut down somewhat, but other counties will make it up. Republican enthusiasm has never been greater here. Republican prospects have been steadily improving for the last fortnight, and the party is positive of success in the Congressional election. WHAT THE DEMOCRATS EXPECT. JOHN R. M'LEAN CLAIMS THE CAPTURE OF BOTH STATES AND GAINS OF CONGRESSMEN IN OHIO, [BY TELEGRAPH TO THE TRIBUNE.]

CINCINNATI, Ohio, Oct. 9.—The closing campaign has been extremely bitter in Ohio, and intensely hot in Indiana. High or low, no candidate with a record susceptible of a bad construction escaped exposure. Last Friday and Saturday, day and night, the fight in both States was terribly energetic on both sides. In point of organization the parties seemed equal, the other in respect to financial resources. It is towns on telegraph lines, where the vote is small, and neither enjoyed any notable advantage over believed that Mr. Wolcott's actions will have no material effect on the general result in Indiana. He was writing eards last week, and a meeting of Independents in his own district denounced The attendance at the meetings was immense. The poor Indianians have been overwhelmed with documents and talked nearly to death. It is thought by the best judges that Williams will carry the State for Governor, and that the Republicans will gain three Congressmen. In both States the vote will be far the largest ever

In Ohio, the Democrats expect great gains in Hamilton, Cuyahoga, and Lucas Counties, and on good grounds. Mr. Barnes's record as a crusader will lose him votes; but it remains to be seen if his gains for the same reason will not balance his losses. Mr. Beli's chances for Secretary of State are regarded by all as the best of any candidate on the Democratic ticket, and his election is quite probable.

As to Congressmen, Mr. Sayler (Dem.) will easily earry the Ist District. Mr. Matthews (Rep.) will beat Mr. Banning in the Hd, In the Hld, IVth, VIth, IXth, and XIth Districts, all now represented in Congress by Democrats, the fight is close, with the chances that the Democrats will be reelected. In the Xth, Mr. Hadson (Dem.) has a prospect of beating Mr. Foster. Otherwise there will be no changes, In Hamilton County the local ticket will probably be mixed and the vote close. To-night there are only a few indoor meetings. Gen. McClellan, Joseph Pellitzer, J. C. Blackburn, and J. N. Eaton of the Democratic National Central Committee are here, and Eaton is fresh from Indianapolis. He expresses the greatest confidence that the Democracy will carry that State, The betting in this city on the result in Ohio and Indiana, at one place where \$25,000 of pools have been sold, has been about even on Imbiana, and on the election of Bell (Dem.) for Secretary of State in JOHN R. After careful examination, there seems to be and roughs imported by the Democrais from the no doubt of the Republicans electing Barnes by East, who left town on Saturday, returned last about 3,000, and gaining three Congressmen evening, and others, who it was supposed had also been frightened away, came out of their retreats. A dispatch was received from Chicago stating that agang had left there to operate here and at other points. This information excited the Republicans to such a degree that it seemed impossible to avoid a collision of the imported roughs, should they show themselves at the voting places. On the other hand, the Democrats, believing the reports in ther newspapers of the bringing in of negroes to vote the Re-publican ticket, had come to look upon every col-ored man with distrust, and the dangerous elements papers of the bringing in of negroes to vote the Rein the party were in such a state of mind that there was great reason to fear an attack upon the blacks to guarantee free schools. Hendricks came forward in the role of a peacemaker, and proposed an armistice and a peace conference. The Republicans promptly accepted, and at 4 o'clock 11 leading Republicans met the same number of Democrats in the Governor's office. After a session of an hour a treaty was agreed upon, and to-night it is being printed in a circular for distribution in the morning. The following is the text of the notice:

> Apprehensions having been entertained of a disturb ance of the peace at the election in Indianapolis, the Governor, Mayor, and Sheroff requested a number of citizens to meet them at the Governor's office to consult m relation to the preservation of the peace. R. J. Bright, Indianapolis, Oct. 9, 1876. It is believed that the danger of violence is now averted, and that the roughs and repeaters, finding that the party leaders no longer countenance them, will not meddle with the election. The 200 citizens to be earolled are to be taken in equal proportions from the two parties, and are to report for duty armed. There is no militia, and the organization of this force is therefore a wise precaution. Before the result of the conference was known two of the local newspapers fanned the flame of excitement by issu-

small posters this morning announcing the hour at which they will appear, and characterizing one of them as rather hot, and the other as "red hot.";

The returns will be very late in coming to-morrow. The tickets in this city contain 32 names, and in counties where there is only a single representative to elect, the whole number of candidates to be voted for is 27, and there are besides three township trustees. State, Congress, and county tickets are not printed separately and deposited in different boxes, as in some States, but are on one ship of paper and go in a single box. The work of counting out will therefore be long and tedious. It is not expected that the result in Indianapolis will be known before 2 o'clock in the morning. Returns from county will begin to come in about 9 o'clock, 10 at New-York, and if they should show important decided gains one way or the other, the drift may be suffi-ciently determined by midnight to make the result evident without the returns from the cities. Should the State be quite close, however, it will probably be Wednesday noon before it can be known with certainty which side has won the victory.

CONTROLLER ROBINSON NOT TO SPEAK. HE WILL TAKE NO ACTIVE PERSONAL PART IN THE CANVASS.

ALBANY, Oct. 9 .- Controller Robinson will not take any personal share in the active duties of the canvass in this State on account of the pressing duties of the Controller's office, and partly because he has a reluctance to the public advocacy of a ticket of which he is the head. Senator Kernan recently wrote to him proposing that he make a series of speeches through the State. He felt compelled to decline for these reasons. The fiscal year has just closed, and the duties of his department have consequently increased greatly. For the latter reason he also feels that it would be unjust to the State for him to resign the controllership, as a novice in the office could not write so intelligent a report upon the financial condition of the State as one who had aducted its affairs during the year.

REPORT OF THE DISTRICT-ATTORNEY. Gov. D. H. CHAMBERLAIN: You having asked of me a statement of the general condition of affairs in Aiken

County as I found them on my visit there during the past week. I have the honor to state that I spent three days in Alken, and had before me and took the affidavits of a considerable number of citizens from different parts of the county. I find that rifle clobs or regular military occanizations, organized substantially after the manner of military companies in the United States army, exist throughout the county. The officers of these companies are called emptains and lieutenants, and the subordinate officers are called sergeants and corporals. They are affect with the emptains and therefore the states are different and most improved kinds. Rifles and six-shooters are most common. Pistols are universal. These companies meet at stated intervals for drill in the various military maneavers. They are also subject to be called out on occasion by their commanding officers.

These clubs have created and are causing a perfect regular of terror. The colored mentare many of them lying out of doors and away from their houses at night. Many of them have been highed, and many have been taken from their beds at night and merclessity whipped, and others have been hunted with threats of murder and whipping, and thus far, by constant waterfulness and activity, have escaped. The white men of these citibs are riding dry and night, and the colored men are informed that their only safety from death or whipping lies in their signing an agreement pledging themselves to vote the Democratic ticket in the coming election. From the best information I could obtain in the time I was in Alicen, I list the number of colored men killed in this county slowe by white men of these citibs during the past three weeks at 13 certainly, and at probably 25 or 30. The civil arm of the povernment in this county slowe by white men of these citibs during the past three weeks at 13 certainly, and at probably 25 or 30. HEADQUARTERS ANTICIPATIONS.

At the Republican National Headquarters in the Fifth Avenue Hotel yesterday the members of the committee were positive that Colorado had gone Republican by between 1,500 and 2,000 andorsty, put no faith whatever in the Democratic dispatches declaring the State had gone Democratic and believed it to be a trick on the Democratic side to claim Colorado until after to-day, for the possible effect it might have on voters in Indiana and Ohio. The latest advices from Indiana and Ohio continue to be of an encouraging character. The excite-

continue to be of an encouraging character. The excitement is growing intense. Increasing popularity is claimed for Harrison, and 3,000 majority at least is expected for him. Two thousand majority is asserted to be the prospect for larines in Hamilton County, Ohio, although the Democratic based all thori hopes of success in Ohio on a large Democratic naglority in Hamilton County, which includes Cincinnati.

The Democratic headquarters at the Everett House were visited yesterday by Gov. Tillen, Charkson N. Potter, and Mayor Wickham, and there were mimerous other callers from the city. The Democratis on the strength of their most recent dispatches from Colorndo, were still chaining a Democratic majority is the minima would give 5,000 Democratic majority to-day. Ohio is the greatly coveted prize in the eyes of the Democratis, and they talk as if they expected to carry it by about the majority obtainable by them in Hamilton County, they think, would preve the existence of an abnormal state of affairs, notwithstanding the country gave Hayes a large majority a year ago, a Kepublican gain of 2,058.

A DEMOCRATIC CLUB BECOMES REPUBLICAN. The Hayes and Wheeler Club of the VIIth Assembly District, a Tilden and Hendricks Club previous

to last Friday night, raised a Hayes and Wheeler banner last evening in the place of a Democratic flag. The reason of this conversion of a club numbering 360 members, as stated by one of the officers, was that they had ocome tired of waiting for Gov. Tilden's explanation of the Pottier & Stymus matter, of his income tax, and other matters, and had decided to support the other candidate. The large crowd which collected in Bleeckerst. to witness the raising of the banner loudly cheered upon its appearance. A meeting of the club was then called, and specches were made by Charles P. Shaw and others. FOREIGN NEWS.

The Porte refuses to accept the term armistice, because it cannot recognize Servia as a belligerent, but consents to a suspension of hostilities, the duration not to be fixed, provided the Servian army shall not meanwhile be re enforced by foreigners. As to the second point, the Porte necepts the proposal of the Powers in principle, but proposes to give all its provinces the same liberties without distinction. At a public meeting held in St. James's Hall last night to consider the Eastern question, a letter from Mr. Glad-stone was read. He expresses the conviction that making Boscia, Herzegovina, and Bulgaria independent of the Ottoman will, would end the controversy; but he declares he has exhausted all hope that the Government will see the true marits of the case.
